

## International Students – **MANDATORY** Communications Course

Congratulations on your admission to Sheridan. Your chosen program of study requires that you complete a **communications course** in the first semester. In order for us to determine your current writing skills and to place you in the appropriate communications course (either *Basic Communication Skills* (COMM19997) or *Essential Communication Skills* (COMM19999), you must first complete a **Language Assessment**.

**NOTE: The Language Assessment does not affect your admission to the program, and will be completed at Sheridan sometime before or shortly after classes start.**

## **IMMEDIATE ACTION REQUIRED**

If you do not complete the Language Assessment in the required time, Sheridan cannot guarantee your Communication Skills placement being available prior to the semester start. **In addition, your timetable cannot be finalized until you are placed in the appropriate communications course.**

Based on your assessment scores, you will consequently be placed into either *Basic Communication Skills* (COMM19997) or *Essential Communication Skills* (COMM19999). Students who are placed into *Basic Communication Skills* **will then need to complete Essential Communication Skills**; a course fee will apply. International students will be required to pay the international fees rate of \$1,201.20 for ECS (additional fees may apply). The successful completion of *Essential Communication Skills* is a **requirement of graduation**.
