

Greetings and welcome to the best Athletic Therapy Program in Canada!

This letter is to give you some information about what will happen at the beginning of the school year to help orient you to the college and the Athletic Therapy Program itself.

Within the program, we have two means of communicating with our students. The first is our own Athletic Therapy Blog (<http://sheridanat.blogspot.com>) which contains more general information regarding Athletic Therapy and the program here at Sheridan. Details regarding the program can be found on the Athletic Therapy Virtual Community which appears on your SLATE account when you login via Access Sheridan. Please visit each of these locations on a regular basis to keep updated regarding what is going on in the Athletic Therapy program. Details regarding the semester start-up will be posted in both locations after the second week of August.

The School of Community and Liberal Studies (in which the Athletic Therapy program is included), will be having an orientation session on Wednesday, September 1, 2010. Details will be sent to you regarding this event from the school/college. Additional general term start-up information can be obtained at <http://termstartup.sheridaninstitute.ca>.

Finally, on the first day of classes, we will be trying to arrange a time and location for all years of the Athletic Therapy program to get together for an orientation session. Please look at the Virtual Community on SLATE and the Blog for details regarding the entire first week schedule. Please note, all first year students will be required to submit a photocopy of your HCP-CPR and Standard First Aid this first week and all second year students will need to submit their Vulnerable Sector Screen to enter into field placement.

We look forward to meeting you soon!

Yours Truly,

Loriann Hynes PhD, CAT(C)
Athletic Therapy Program Coordinator
